

COVID-19: WHAT IS COVERED BY THE MEDiPOS MEDICAL SCHEME?

WHAT TO DO IF YOU THINK YOU HAVE CORONAVIRUS

- Do not panic, if you are experiencing COVID-19 symptoms, you may contact the Hospital Risk Management Department on 0860 100 078, they will give you advice based on the information you provide.
- Do not rush to take a test unless you were advised by the healthcare worker as this might not be necessary and might leave you unnecessarily out of pocket. Please read more about the Scheme benefits available for COVID-19 further below.
- If you are at work, complete the COVID-19 risk assessment available from your human resources department or your line manager.
- Continue practicing the social distancing and hygiene principles.
- During September the MEDiPOS Board reviewed the COVID-19 benefits and resolved to increase the number of tests per beneficiary per annum. In addition, we have added the COVID-19 tariff codes that can be shared with your healthcare worker to ensure the correct code is submitted to your Scheme for payment. Refer to the table below for the new improved benefits.

HOW WILL MEDiPOS FUND THE DIAGNOSIS, TREATMENT AND CARE OF COVID-19?
