### About some of the terms we use in this document

There may be some terms in this document that you may not be familiar with. Here are the meanings of these terms.

| TERMINOLOGY                        | DESCRIPTION                                                                                                                                                                                                                                                                                        |
|------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Benefit year</b>                | A benefit year refers to the benefits a member is entitled to during a calendar year, that is to say 1 January to 31 December. The medicine list and Chronic Drug Amounts are applicable for this benefit year only.                                                                               |
| <b>Therapeutic Reference Price</b> | MEDIPOS pays up to a monthly reference price for a medicine class. This applies to medicine that is not listed on the medicine list. The therapeutic reference price only applies to Option C Classic.                                                                                             |
| <b>Chronic Drug Amount (CDA)</b>   | The chronic drug amount is the monthly amount that we pay up to for a medicine class. This amount is subject to a member’s option. It applies to chronic medicine that is not listed on the medicine list (formulary). The chronic drug amount applies to Option A, Option B and Option B Classic. |
| <b>Medicine class</b>              | This describes medicines that have similar chemical structures or similar therapeutic effects.                                                                                                                                                                                                     |

| TERMINOLOGY              | DESCRIPTION                                                                                           |
|--------------------------|-------------------------------------------------------------------------------------------------------|
| <b>Active ingredient</b> | This is the main substance in a medicine that is responsible for the clinical action on a human body. |
| <b>NAPPI code</b>        | This is a unique identifier for a given medicine, surgical or consumable product.                     |
