Important information you need to know

We may change the information in this document from time to time and will communicate any changes to the way we pay medicines when making these changes.

The Out-of-hospital Prescribed Minimum Benefit (OHPMB), and the utilisation of the benefits and programmes associated with this benefit, are subject to specific conditions and rules. Members must ensure that they know these rules and conditions.

Any instructions or advice on medicines and the management of the member's condition are intended to add to, and not replace, the knowledge, expertise, skill and judgement of the member's doctor, pharmacist or other healthcare provider.

You receive full cover for approved medicine on our medicine list (formulary). Medicine not on our formulary will be funded up to the Reference Price for that medicine category. You may have a co-payment for medicine not on the formulary.

The Scheme reserves the right to change the benefit at any time.
